

Master Bartender Yutaka Nakashima opened Segno, Bali, with a similar idea to Koda, his first bar in Jakarta. That is, to provide professionally served cocktails with unwavering precision in a moody ambience of warmth, elegance and intimacy. All underpinned by the welcoming & friendly service.

Whilst Koda is predominately a bespoke cocktail bar [drinks tailored specifically for you], Segno has an extensive cocktail menu of proven, delicious and perfectly balanced cocktails that will knock your socks off. Bali after all, has the year-round holiday vibe, so we don't wish our guests to be thinking too hard. Although the serious connoisseur is always welcome to ask our bartenders to create something special.

Cocktails have one thing in common that is always underestimated, That's the ice. Ice plays a very important role in cocktail making, by using the right ice with the right technique we can control every millilitre of dilution. At Segno we provide you our hand crafted, hand cut ice to let you enjoy the last sip just the same as you did the first.

From having slide the door back at the unassuming speakeasy style entrance, our aim now is for you to have a thoroughly enjoyable evening!

Relax and Enjoy!
Team Segno
