our
STORY
IS NOT ABOUT
food

It's about our childhood friendship and a joint idea to create a place where you feel at home, away from home.

A place, grounded by our Italian roots with family recipes, which we kept reinventing along the last 5 years with so much passion thanks to the island ingredients abundance and our friendly lifestyle here.

When we were kids we used to surf and play tricks on people.. Then we grew up, two of us went to Australia and the other two were here on holidays in Bali and with phone call the adventure begun...

It was not always easy but just like writing our first menu on a piece of paper, the story of La Baracca is simple. Working together as a team and growing our friendship side by side to be able to share it with you every time you walk in one of our restaurants.

Welcome!
La Baracca crew
